Building Automation

# Application

The roof access hatch with hold-open arm (type 6/1) can be retrofitted to existing Kingspan classic skylight domes. The integrated gas pressure spring exerts the right amount of force to conveniently open and close all available nominal sizes.

## Application areas

- accessible flat roofs
- new builds and retrofitting in existing buildings

## Features and benefits

- can be retrofitted in existing buildings (apart from classic skylight dome PC-st)
- convenient access in and out for all nominal sizes (opening approx. 800 mm)
- safe locking mechanism with convenient lock

Size L x W [cm]
